

Middle East Region Staff College 2009

REQUIREMENTS FOR GRADUATION

Attendance at, and participation in, all the scheduled activities and events is required for graduation. This includes the Dining Out the last night of the College. It also means being on time for each scheduled event, ready to be an active participant in each session, wearing the uniform correctly, and maintaining an appropriate attitude and standard of behavior. Staff observers will be looking at each of these items on a daily basis.

Graduation will be on Saturday morning, June 13. The blues uniform or the aviator combination, worn in accordance with CAPM 39-1, is the required uniform, but with no ties or Class-A jackets. The graduation exercise is a required part of the College. Each student who completes the curriculum requirements will leave the College with a Certificate of Graduation and a set of pictures from the College. Upon graduation, you will be an alumnus of Middle East Region Staff College. Keep an eye on the web site for the addition of your class!
